

# Access Armor Duct Access Doors

Models: 15x18OD, 12x15OD, 9x12OD

## Description:

The Access Armor UL Duct Access Door offers the easiest installation and operation of any access door on the market thanks to the patent pending "Cam-Lock".

It is crafted of precision cut hi-grade 316 stainless steel and has a unique octagonal shape that eliminates sharp edges. The built-in "Cam-Lock" design allows for easy installation.

- > Made in the USA
- > Provides easy access to air ducts.
- > "Cam-Lock" design means no misplaced or lost hardware.
- > Meets and exceeds NFPA and UL standards.
- > Fire rated to 2300 degrees.
- > Lifetime warranty.

*The next generation  
of air duct access  
doors has arrived.*
